CÉLIA MARTINELLI
WEB DÉVELOPPEUSE
Specialized: Javascript, React, React Native

Web developer, passionate about application design and feature architecture. I like structuring databases and optimizing backend-frontend interactions to create high-performance and scalable solutions.

EXPERIENCE

DOUBLE LIFE BETWEEN CODE & SHELVES (01-2025 – Present)
Morning – Shelf Stocker | Local Supermarket
Afternoon – Web Developer in Search of Challenges | Personal Projects

- At sunrise, I tame pallets and neatly arrange products on shelves. Once the store is set, I swap my uniform for my keyboard, structuring databases and functionalities with the same precision. Always on the lookout for the next tech challenge, I balance bills and passion while waiting to join a team where I can permanently set up my Mac.
